Data Center personals

Peering Asia 2021v

9 November 2021

- Alphabetical order of the data center company names
    - Firstly, data centers in APAC region
    - Next, data centers outside APAC region

- One minute for each organization
    - Even if the slide has multiple pages, only one minute is assigned
    - Too long talk will make us to MUTE your microphone

Data centers in APAC region

AT TOKYO Corporation

DC Name	CC1/CC2	DC12 (in Dojima building #4)	QC1(New!!) (in QTNet's QD3)
City, Country	Tokyo, Japan	Osaka, Japan	Fukuoka, Japan
IX presence	• BBIX • JPIX • JPNAP • KINX • NetIX	[On-site] • BBIX [Available via campus connect] • JPIX • JPNAP	• BBIX • JPNAP (JPIX soon)
# of ASNs on peeringdb	66	1 (35 as Dojima Building #4)	Registration process
Campus connectable facilities		Dojima Building #1 Dojima Building #2 Dojima Building #3	
Number of dark fiber providers entering facility	6 NTT, NTT-Communications, KDDI, ARTERIA, Colt, TEPCO	4 as Dojima Bulding #4 NTT, Colt, Hanshin cable engineering, and BBBackbone	3 as QD3 NTT, ARTERIA, QTnet
Subsea cable landing	GCX, RTI and more
